Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

Some increase in cost

Please explain the reasons for your response

There should be more court cases along with the cost of monitoring these child abuse offenders in the communities. There is data that shows that these type of offenders are repeat offenders therefore no child is safe and there has to be monitoring in the community along with being on the Violent offenders register. There has to be a scheme in place that stops any adult suspected of this type of crime to be prevented from working with children and being left unsupervised with them.
