Q1. Which of the following best expresses your view of the proposal of giving children equal protection from assault by prohibiting all physical punishment of children?

Please explain the reasons for your response

Violence is never the solution. It is the exertion of the perpetrator's power and or frustration on the victim. Using violence only teaches violence and it becomes a vicious circle.

Unsure

Q3. What do you think would be the main advantages, if any, of giving children equal protection from assault by prohibiting all physical punishment of children?

Ensuring their right to be protected from physical violence exerted by the people under which their care was entrusted.

Q4. What do you think would be the main disadvantages, if any, of giving children equal protection from assault by prohibiting all physical punishment of children?

Maybe children would be more reluctant to speak up under fear of repercussions for their carers.
