Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal of giving children equal protection from assault by prohibiting all physical punishment of children?

Fully opposed

Q1. Which of the following best expresses your view of the proposal of giving children equal protection from assault by prohibiting all physical punishment of children?

Please explain the reasons for your response

The use of light smacking to back of legs or rear of hand, I think, is acceptable. It enforces that there are boundaries and consequences. The problem starts when this is taken to a violent attack on children and is wholly unacceptable.

Q2. Could the aims of the proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Please explain the reasons for your response

This needs to be in place to protect parents and guardians who may use smacking as a control method and avoid it becoming part of a greater offence.

Q3. What do you think would be the main advantages, if any, of giving children equal protection from assault by prohibiting all physical punishment of children?

In examples of more than a light smack is a control measure will give children protection from violent attacks.

Q4. What do you think would be the main disadvantages, if any, of giving children equal protection from assault by prohibiting all physical punishment of children?

Parents lose a control method to use when raising children to understand and know right from wrong.
